

5215-AIS

0.9m Whip Antenna (Squatty Body)

0.9m AIS Whip Antenna

The 5215-AIS is a matching antenna for our award winning 5215 VHF antenna. Designed with low loss matching coils in the base to greatly improve performance.

Supplied with right angle bracket and with a standard SO-239 connection in the base. This allows the antenna to be used with any style cable for ease of install
