

5396-AIS

Heavy Duty AIS antenna

1.2m AIS GALAXY Antenna

The 5396-AIS is a Heavy Duty Fibreglass antenna, designed for harsh conditions. As part of our Galaxy range, it benefits from our strongest features on all aspects. With its short size, it is perfect for power boats and work boats, to be used in all conditions.

Mounted via the standard 1"-14 ferrule and supplied with 6m of
Low Loss cable fitted
